RE Ex Parte Presentations in CS Docket No 97-80 (Implementation of the Section 304 of the Telecommunications Act of 1996 Commercial availability of Navigation Devices), PP Docket No 00-67 (Compatibility between Cable Systems and Consumer Electronics Equipment), and MB Docket No 02-230 (Digital Broadcast Copy Protection)

Dear Ms Dortch

This is to notify the office of the Secretary that on August 27, 2003, Jack Valenti and Fritz Attaway of the Motion Picture Association of America held an exparte meeting with the below listed FCC Commissioner and staff member

Chairman Powell Paul Gallant

The meetings covered material submitted to the FCC in the Joint Comments of Motion Picture Association of America, et al. on March 28, 2003, and Reply Comments on April 28, 2003, in CS Docket No. 97-80 and PP Docket No. 00-67, and in Joint Comments on December 6, 2002, and Reply Comments on February 20, 2003, in MB Docket No. 02-230

The ex parte presentations focused on the following points

- Adoption of a "Plug & "Play" regulatory scheme should be based on multi-industry negotiations where all interested parties are provided an opportunity to participate
- Subpart W forecloses new business models by imposing regulated, mandated content usage rules
- Content providers and other interested parties should have an opportunity to participate in an open process to select new, protected outputs and de-certify previously protected outputs that have been compromised

- Subpart W perpetuates the analog hole and discourages a complete transition from analog to digital
- The same product cycle concern that supports prompt action on Plug & Play requires prompt action on Broadcast Flag The first generation of Plug & Play receivers should not be rolled out without the broadcast flag technology

In accordance with Section 1 1206 of the Federal Communications Commission rules, this original and one copy are provided to your office. A copy of this notice is being delivered to the parties mentioned above

Sincerely,
